To Whom It My Concern:

This is a request under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. We hereby request all information pertaining to Cherry Point Marine Corps Air Station (MCAS) Havelock, NC 28533 about the closing of drinking water wells that occurred during the period of 1980 through 1987. The information we are requesting should include but not be limited to scientific research, memos, surveys, journals, medical studies, academic studies, administrative orders and decisions, and/or government agency reports that were relied upon and/or were a factor for shutting down drinking water wells.

We further request the initial assessment study (Phase 1) of the Naval Assessment and Control of Installation Pollutants (NACIP) that was conducted by Naval Energy & Environmental Support Activity (NEESA) on Cherry Point MCAS, Havelock, NC 28533. We also request the inclusion of, but not limited to scientific research, memos, surveys, journals, medical studies, academic studies, administrative orders and decisions, and/or government agency reports that went into the creation of this initial assessment study (Phase 1).

This is a request under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. We hereby request all information about the pollution and contamination of Slocum Creek, North Carolina during the period of 1980 through 1987. The information we are requesting should include but not be limited to scientific research, memos, surveys, journals, medical studies, academic studies, administrative orders and/or decisions, newsletters, and/or government agency reports that pertain to the pollution and contamination of the creek.

I also request that fees be waived as this is my first requested copy of these records and this is to be used by a non-profit organization. As provided in the FOIA, please respond to this request within 20 (twenty) business days.
